I am an Informatics Engineering student at State University of Malang with hands-on experience transforming raw data into actionable business insights. Certified in Power BI and Tableau with proven track record of improving operational efficiency by 15% through automated financial reporting and data-driven budget optimization. Skilled in Python (Pandas, NumPy), SQL, Excel (Advanced), and full-stack web development (Laravel, PHP). Successfully managed 200+ transactions with 100% accuracy, created interactive dashboards serving 50+ stakeholders, and led educational programs impacting 200+ community members. Combines technical expertise with strong communication skills to bridge gap between data and decision-makers.

CORE COMPETENCIES

Data Analysis & Visualization: Power BI (Certified) • Tableau (Certified) • Python (Pandas, NumPy, Matplotlib, Seaborn) • SQL • Excel (Advanced: VBA, Power Query, Pivot) • Looker Studio • Orange Data Mining
Technical Skills: ETL Processes • Data Cleaning & EDA • Dashboard Development • KPI Tracking • Financial Modeling • Predictive Analytics • Statistical Analysis • RFM Segmentation
Web Development: Laravel 9/10 • PHP • HTML5/CSS3 • JavaScript • React.js • Next.js • WebXR • MySQL • MongoDB • Git/GitHub • RESTful API • Figma
Soft Skills: Stakeholder Communication • Data Storytelling • Project Management • Budget Management • Public Speaking • Cross-functional Collaboration

RELEVANT EXPERIENCES

Data Analyst Intern Feb 2025 – Mei 2025
Inovasi Lentera Program - Vinix Academy

- Analyzed 15,000+ records from 3 real-world business datasets using Python (Pandas, NumPy); delivered actionable insights to program stakeholders.
- Developed 4 interactive Tableau dashboards tracking sales performance, customer segmentation, and financial KPIs for small business clients.
- Improved dataset completeness from 65% to 98% via systematic validation rules and automated Python cleaning scripts.
- Built Orange Data Mining ML workflow achieving 87% accuracy in customer churn prediction; automated Looker Studio reporting reducing manual time by 75% (4 hrs → 1 hr/week).
- Presented e-commerce capstone project to 5 industry experts commended for clear data storytelling and actionable recommendations.

Tools: *Python, Tableau, Looker Studio, Orange Data Mining, SQL, Google Colab, Excel*

General Treasurer Jan 2024 – Dec 2024
Student Association - Dept. of Electrical Engineering & Informatics, State University of Malang

- Managed Rp 15,000,000 annual budget across 20+ programs; maintained 100% accuracy handling 300+ monthly transactions via automated Excel system.
- Reduced monthly report generation time by 94% (4 hrs → 15 min) through Excel VBA macros and Power Query automation.
- Improved budget allocation efficiency by 15% using pivot table trend analysis; achieved 95% forecast accuracy via variance reporting.
- Presented quarterly financial summaries to 50+ stakeholders; implemented digital document management for 500+ records, enabling 90% faster audit retrieval.

Tools: *Excel (VBA, Power Query, Pivot Tables, VLOOKUP), Google Sheets, Financial Modeling, Budget Forecasting, Variance Analysis*

Program Coordinator & Educational Lead Sep 2024 – Nov 2024
Community Service Program (KKN) - State University of Malang

- Coordinated 12 community development programs for 200+ residents and team of 15 with 100% on-time delivery.
- Ran 'EduFun' math program for 65 students (grades 1–3): 80% improvement in engagement, 70% improvement in assessment scores.
- Conducted career guidance workshop for 35 junior high students based on analysis of 50+ university programs and labor trends

Tools: *Program Management, Curriculum Development, Data Collection & Analysis, Stakeholder Communication, Public Speaking*

Event Coordinator - Capstone Expo Apr 2024 - May 2024
Department of Electrical Engineering and Informatics - State University of Malang

- Led the development of event timeline and rundown with data-driven planning, identifying critical paths and resource allocation for 500+ participants.
- Coordinated 15+ team members with structured task assignments and monitored progress using project tracking tools.
- Identified and analyzed potential risks through historical data from previous events, created contingency plans that reduced incident rate by 90%.

Tools: *Project Management, Data Analysis, Microsoft Excel, Google Sheets, Problem-Solving*

Event Committee - National HACKATHON Competition Jun 2024 – Jul 2024
National Competition

- Developed detailed event rundown with time allocation based on optimal duration analysis for each session to ensure on-schedule execution.
- Coordinated entire committee on event day with real-time monitoring and problem-solving to maintain smooth event execution.

Tools: *Event Management, Time Management, Coordination, Problem-Solving*

Secretariat Committee - Tech and Trade Expo Sep 2024 – Nov 2024

Department of Electrical Engineering and Informatics - State University of Malang

- Assisted program secretary in creating invitations, attendance lists, equipment loan letters, and processing certificates for committee, participants, and speakers.
- Managed document organization and data entry for event administration to ensure smooth event operations.

Tools: *Microsoft Word, Microsoft Excel, Document Management, Administrative Support*

Entrepreneurship Staff Jan 2023 – Des 2023

Student Association of Electrical Engineering and Informatics Department - State University of Malang

- Managed merchandise sales for 200+ customers; generated $8,000 revenue with 99.5% order accuracy using Google Sheets tracking.
- Analyzed 250+ transactions: identified top 20% products driving 68% of revenue; recommended inventory optimization strategies.
- Built pricing strategy and sales dashboard; increased repeat purchase rate from 15% to 28% and improved profit margin by 12%.

Tools: *Google Sheets, Data Analysis, Sales Analytics, Financial Reporting*

WORK PROJECTS AND PATENTS

Automated Financial Reporting & Analysis System (2024) — Excel-based system processing 300+ monthly transactions with 100% accuracy. Reduced report time by 94% via VBA macros; enabled 15% budget optimization. Template adopted by 3 other departments.

SIDIKAR – Cultural Tourism & E-Commerce Platform (2024) — Full-stack Laravel 9 platform for Dinoyo ceramic artisans. 500+ monthly visitors, 85% user satisfaction, 92% task completion rate (SUS 78). Generated 30% increase in artisan online inquiries.

Virtual Nusantara – WebXR Educational Platform (2024) — Immersive WebXR tours of Indonesian cultural heritage, piloted across 5 schools (300+ students). 45% improvement in knowledge retention vs. traditional methods.

Sales Performance Analytics & Customer Insights Dashboard (2023) — Python (Pandas, Matplotlib) analysis of 250+ transactions. RFM segmentation identified 3 customer personas. Recommendations yielded 12% profit margin increase and 28% repeat purchase rate.

Thyroid Health Education & Symptom Checker Platform (2023) — PHP health platform synthesizing 20+ peer-reviewed sources. Served 150+ monthly users with 88% comprehension rate.

EDUCATION LEVEL

State University of Malang - Malang, East Java, Indonesia Aug 2022 – Oct 2026

Bachelor in Informatics Engineering ***GPA*****:** 3.64 / 4.00

Relevant Coursework: Data Structures & Algorithms, Database Systems, Statistical Analysis, Machine Learning, Data Mining, Web Programming, Software Engineering

CERTIFICATIONS & PROFESSIONAL TRAINING

Data Visualization Using Microsoft Power BI July 2025

IBLU Academy
Mastered DAX formulas, data modeling, interactive dashboards, and Power Query ETL processes

Data Analyst Professional Certificate Feb-June 2025

Vinix Academy - Inovasi Lentera Program
Comprehensive training in Tableau, Orange Data Mining, Python (Pandas, NumPy), Google Colab, Looker Studio with capstone project

SKILLS

Language: **English** (Ukbing UM 460)**, Bahasa Indonesia** (C2 Native).
